GX Disc Printer

The GX Disc Printer (SKU: PX1-1000) is the latest in the award-winning series of GX disc publishing products from Microboards Technology, the world leader in recordable media technology.

The GX Disc Printer provides the most economical solution in the industry for printing individual discs. The single-disc input makes the GX Disc Printer perfect for quick jobs on the run. Using the same great print engine and Vivera inks from HP, full-color, full-coverage CDs and DVDs print in less than sixty seconds at just twenty cents per disc, lowest on the market.

With a small footprint of just 11 1/2" wide by 14" long, the GX Disc Printer fits easily on any desktop. Using a USB 2.0 cable, connectivity to your Mac or PC is effortless. Included with the GX Disc Printer is SureThing label designing software (Windows only), ideal for creating professional discs.

*Note: GX Cartridges

GX Series (Disc Publisher, Printer, & AutoPrinter) uses GX-300HC.

GX-200HC for GX-1 ONLY.

GX Auto Printer

For print-only jobs, the GX AutoPrinter (SKU: PX2-1000) is the latest innovation from Microboards. Using the same trusted print engine and maintaining the same great look of the GX Disc Publisher, the AutoPrinter uses the vibrant Vivera™ inks from HP, giving your discs a sensational, long lasting color. The GX AutoPrinter features a 50-disc input with Microboards' patented disc singulation technology. Insert 50 CDs or DVDs, walk away, and let the GX AutoPrinter do the rest.

SureThing™ disc labeler software, the easiest way to create professional looking disc labels on the PC, is included.
